Palermo, 18 febbraio 2022

Dear Mayor,

on behalf of the entire Community of Palermo, I wish to express my closeness and support to the members of Mariupol city.

Our Cities, which have always channelled the cause of peace and intercultural dialogue, cannot imagine any relationship between peoples other than the one based on peace, mutual respect and attentive listening.

Mr. Mayor and dear Colleague, I pray you to become the interpreter of these feelings among your fellow citizens together with the strong hope that any source of tension between the parties will get fixed soon.

On assuring you of my esteem, please accept *best regards*
